EXPERIENCE

Director of Design & Development

ABSTRACT MEDIA LLC

January 2014 — Present

Hired into Abstract Media as the Director of the new design/development department, I quickly learned how to manage projects of various types by developing internal processes. My work consists of technical consulting, designing UIs, websites and print media, in addition to implementing custom solutions using the most modern programming tools and frameworks such as QT QML, C#, Javascript, Node.js & AngularJS.

Front-End Design Intern

SHARP HUE WEB DESIGN

May 2013 — January 2014

Sharp Hue is a web design firm in Fayetteville Arkansas that builds Wordpress-based websites, and custom software. My work consisted of designing promotional graphics for home pages of major websites, drawing homepage sketches for new clients, designing logos, & making template changes in PHP, CSS & HTML

Web Media Assistant Producer

UNIVERSITY COMMUNICATIONS (JBU)

August 2010 — January 2014

My position was created so JBU could constantly generate new content for the home page of JBU.EDU. During the Keeping Faith Campaign in 2011, my team and I produced content for this \$118 million fund raiser. In 2011, 2012 & 2013 some of my footage was used by ESPN on live tv. In 2013, I was one of three who shot a commercial for JBU seen all over Arkansas.

Print Production & Design Prep Intern

MOXY OX

January 2013 — May 2013

Moxy Ox is a new and very successful print shop design firm combo. I design business cards, proof, edit, impose, print, finish & package various jobs every day. I contribute to daily team meetings and am commonly asked to provide feedback to the operating managers.

Freelance

VARIOUS CLIENTS AND COMPANIES

2007 — 2013

EDUCATION

John Brown University

GRAPHIC & WEB DESIGN (BS)

August 2010 — May & December 2014

VARIOUS

My career began in 2010 when I graduated high-school a year early. This was possible because I am constantly motivated by a chance (or challenge) to learn new things. Upon graduating, I founded DIGITAL-EVERYTHING as a photography, design & cinema company. I also founded and managed a Christian music competition known as WORSHIP WARRIORS in 2010. In 2012, the art department at JBU hired me to attend a trip to London and generate a highlight reel for marketing purposes. I have traveled to teach English & Bible classes in China and Ecuador as a part of my Christian vocation. With several years experience in music, I love playing percussion. In the past, I have contributed to 3 separate albums. I also DJ as a hobby. I love learning and being involved in unique, stimulating environments and aim to never get burnt out learning about empowering new skills.
